VISIT THE CHATEAU WITH HISTOPAD

Supervised by adults, the Histopad allows school groups to visit the entire monument independently. An interactive digital tablet, the HistoPad offers a virtual visit of the chateau rooms during the Renaissance. The layout, decor and furnishings of some of the rooms as they were in the early 16th century have been re-imagined. Augmented reality and 3D reconstitution provide a spectacular experience immersing the visitor in the ambiance existing during the lifetime of Chambord's builder, François I.

Also includes:

- Interactive maps to orient and organize visits.
- A visitor's guide of the chateau's 24 rooms, ideal for discovery of the history and collections.
- More than one hour of commentaries on the history and architecture of the chateau.
- For the young public, a playful interactive treasure hunt.

Available in: 

Free admission to the chateau with rental of the HistoPad.
Self-guided visit.

Level: from 10 years old

Duration: from 1hr30 to 2hrs

CYCLING AND WALKING TRAILS AROUND THE CHATEAU

Covering more than 13 500 acres, the domaine national de Chambord is singularly representative of the French natural heritage. With its unusual and well-maintained landscape, it serves as host for exceptional fauna and flora. The park of Chambord is registered in the Natura 2000 Pan-European ecological network, it is classified as a historic monument and included in the UNESCO world heritage list. If a large portion of the estate has remained a controlled access zone, it is so as to preserve the peace and quiet essential to the conservation of its biodiversity. More than 20 kilometres of walking and cycling trails will allow to discover an exceptional haven of greenery, affording unique vantage points on the chateau.

Map of trail available at the reception of the chateau or upon request.

PICNIC AREAS

Two kiosks near the car parks and a number of picnic areas in the forest are open to all.
